Call To Order

Meeting was called to order by Chairman Metz at 7:00PM.

Minutes from the 2/06/18 meeting were approved.

Current Business

The entire meeting was devoted to prioritizing the projects to be included in the CPC FY 2019 Capital Budget recommendation. The final recommendation is attached. Of note, the committee encourages the Town Manager and Select Board to explore other sources of funding for the requested Morningside Drive Culvert Replacement, as this project would cost almost 1/3rd the capital budget. Also, the committee recognizes that installation of the AED devices is mandated by state regulations. However, this project does not meet the cost or life-expectancy requirements for consideration by the CPC.

The meeting was adjourned at 8:10 pm

Respectfully submitted,

Stephen A. Metz, MD
