I. LEGISLATION AND HISTORY

A. In 1960 the Commonwealth of Massachusetts enacted legislation enabling the creation and protection of Historic Districts. The Historic Districts Act, Chapter 40C of the General Laws made it possible for cities and towns in the state to establish Commissions for the preservation of areas of historic interest.

B. In 1973 the Town of Longmeadow voted to enact the Historic District by-laws under the provisions above. The full text of the by-laws are available from the Town Clerk or the Chair of the Historic District Commission.

C. In 1982 the Longmeadow Historic District was accepted for listing by the National Park Service in the National Register of Historic Places. The National Register provides honor and recognition for historically, culturally, architecturally, and/or archaeologically significant property. Recognition grants an owner of income producing properties certain federal tax incentives for renovation and disincentives for demolition. It also provides a measure of protection for the property against any adverse effect caused by federally licensed, funded, or assisted projects.

II. LOCATION OF THE HISTORIC DISTRICT

The Historic District was established in 1973 and includes the Longmeadow Green and surrounding areas. The exact location may be seen on the “Plan Showing Longmeadow Historic District, Longmeadow, Massachusetts” dated June 2012. The plan is on record at the office of the Town Clerk and on the Town website.

III. PURPOSE

The purpose of the Commission is to preserve the unique tapestry of the Historic District, so as to assure the preservation of its historic value to the community.

C. Appointments shall be made for a period of three years, and so arranged that the terms of at least one Member expires each year; if a Member resigns before the completion of his/her appointment, one of the Alternates or a new Member shall be appointed to fill out the resigning Member’s term.

D. Membership of the Commission shall include at least two residents or owners of property in the Historic District administered by the Commission.

F. The first regularly scheduled meeting after June 30th shall be utilized for an election of Commission Chair, Vice-Chair and Secretary for a term of one year.

XII. ENFORCEMENT

If work not conforming with statute is carried out in the Historic District, the owner of the property involved shall be held responsible. When a concern that a violation of MGL Chapter 40C, Longmeadow Historic District Commission rules and regulations or LHDC design guidelines is reported in writing to the chair of the commission, the Commission will take the following steps.

1. When the chair receives a notice in writing of a potential violation, the chair shall assign a concern number based on the date that the concern was received. This concern will be added to the agenda for the next HDC meeting.
2. Within 15 days of receipt of the notice of concern by the chair, the chair and another member of the HDC shall attempt to make contact in person with the owner of the property of concern and investigate the alleged violation. If the HDC Chair and member are unable to contact the property owner and cannot

investigate the alleged violation, the chair shall send an invitation to property owner to discuss the alleged violation at the next meeting.

3. At the next HDC meeting, the chair and the member who investigated the alleged violation will notify the commission if they believe a violation has occurred. If they report back that they believe no violation occurred, the matter will be considered closed. If the chair and the member determines that a violation has occurred, the commission will need to determine if the violation was committed by the previous owner or the current owner, if the violation is easily visible from a public way and if the violation significantly damages the historic value of the house or the historic essence of the Historic District. The chair shall then send a letter of warning to the owner of the property where the violation occurred and send copies to the building inspector and Select Board.
4. The following factors will determine how long the property owner has to respond to the letter warning either by filing an application for a certificate of appropriateness, filing for an application for a certificate of hardship, or providing the chair with photographic evidence and a notarized letter stating that the violation has been undone.
 - a. If the violator is the current property owner, the property owner has 30 days from the date on the letter from the HDC to respond.
 - b. If the violator is not the current property owner but it is judged that the violation is easily visible from the street and/or considered significantly damaging to the historic essence of the property or district, the property owner will have 60 days from the date on the letter to respond.
 - c. If the nonconformity was not caused by the current property owner and is neither considered highly visible from a public way nor is it considered highly damaging to the historic essence of the district or property, the property owner will have 90 days to respond.
5. If the property owner responds within their given timeframe and their application is approved or their notarized letter and photographs credibly demonstrate that the violation has been removed, the concern shall be notated as closed at the HDC meeting following the receipt of the notarized letter or at the meeting where the application is approved.
6. If the property owner fails to respond appropriately to the warning letter within the aforementioned timeframe, the HDC chair shall send a letter to the Select Board the following day asking the Select Board to exercise the town's right under Section 13 of MGL Chapter 40C to petition the Hampden County Superior Court to issue fines and/or injunctions against the property owner.

XIII. AFTER COMPLETION OF THE WORK

- A. When the work for which a Certificate of Appropriateness is granted has been

completed, the applicant shall notify the Commission.

B. Before the next regular meeting, one or more members of the Commission shall review the work on site to verify it has been carried out as originally approved.

C. If the completed work complies with the approved application, the Commission shall send a signed report to that effect to the applicant, the Board of Selectmen, and the Building Inspector. The issuance of this notice closes the file on the application.

D. If the completed work does not match the approved application, the Commission shall notify the Building Inspector and applicant.

E. In the event the applicant fails to correct the work in a timely fashion, the Commission shall have recourse to the provisions of enforcement authorized in Section 13, Chapter 40C, of the Massachusetts General Laws.

XIV. SPIRIT OF COMPLIANCE

The members of the Historic District Commission trust that property owners within the District will comply with the rules outlined above. The spirit of compliance is imperative for the process of preservation to be successful. If you have any questions or suggestions please feel free to contact any member of the Commission.
